**"SWIFTWATER BILL."**  
APPARENTLY MARRIED AGAIN.  
SAN FRANCISCO, Nov. 10.—[Exclusive.] "Swiftwater Bill" appears to have married again. There seems to be evidence to the effect that he was, William C. Gates, who gave his age as 36 and Kathryn A. Bardon, confessing to 18 years, both giving their residence as Oakland, were married in the town across the bay last night.

**Visit of British Fleet to New York**  
Replete with Social Events of Various Kinds—Metropolis Needs Peace, Says Battenberg—Is Impressed by Jerome.  
NEW YORK, November 10.—[Re-Arranged.] Prince Louis was early about his ship this morning and gave to the chief of staff some final directions about the ball which he will give on board the Drake Tuesday night. Shortly after 9 o'clock the Drake weighed anchor and started down stream, again receiving salutes from passing craft. The Drake was warped into Pier 6 of the Cunard line at Gansevoort Market, where she will lie during the remainder of the British visit.

**Disparities**  
Right royal was the welcome to Prince Louis of Battenberg when his six British warships, with his rear-admiral pennant flying from the flagship, the Drake, seemed majestically up Hudson River for a week's visit to the metropolis. All the pomp and panoply of monarchy could not have made the tribute of hospitality richer, nor the official greeting of city and State heavier. Twelve of the mightiest fighting machines of the American navy, all arrayed in holiday dress, roared a thunderous salute as the visiting fleet moved up the river. The guns of Governor's Island added their iron voices to the chorus. The whistles of every craft in the river struck an accompaniment and thousands of persons along the shores on either side added to the din. This was early in the morning, and the reception visit continued in other and more tangible forms. Visits were exchanged between the Prince and the civil, naval and military authorities stationed in this vicinity. Marks of courtesy from all quarters poured on the distinguished visitor. In the evening, the Prince and the Duke of York, who was with him, were entertained at a dinner on board the Drake. The Prince, who is a first-class armored cruiser.

Given by experienced attendants, in individual cement tubs. The mud is heated by natural hot mineral water, and changed after every bath. Clean blankets, bath towels, perfectly sanitary every way, individual plunge bath tubs, which with the finest natural hot mineral water makes a delightful bath. For full particulars write to: F. J. HAGEN, Owner and Manager, Elsinore, California.

**BERTEAUX QUIT MINISTRY.**  
French Cabinet Crisis Unexpectedly Precipitated During Wild Scene in Chamber of Deputies.  
PARIS, Nov. 10.—[By Associated Press.] A cabinet crisis was unexpectedly precipitated in the Chamber of Deputies this afternoon. During a scene of violence, the ministry supported a motion of censure, the opposition of the Nationalists and Socialists divided the government's strength, causing the defeat of the motion. Etienne, Minister of the Interior, and Bertheaux, the war minister, immediately left the chamber in disorder. The departure of the ministers was generally interpreted as conveying their intention to resign, but Premier Doumergue asserted, amid shouts, that the ministry remained ready to meet its obligations. Etienne later returned to his seat among the ministers.

**PRINCE LOUIS OF BATTENBERG.**  
Head of the Intelligence Department of the British Navy. Beside him stands his wife, through whose influence he got the job. He will give a prize-fight aboard his ship in New York harbor.

## CUTTER'S WIFE IS SHY CURIOUS.

Finds Bric-a-Brac Gone from Monrovia Home.

New Bone of Contention Between the Couple.

Woman Says She Will Push Contest for Deed.

"My home has been robbed of my own personal treasures, which have been packed up and sent East by my husband's sister," said Mrs. E. Kendall Cutter of Monrovia yesterday, after an investigation of the house which she has succeeded in taking from her husband's agents after many months.

"And now I am going to push the settlement of my deed case, for my side is ready for trial and Ned Cutter has run away from the issue."

Mrs. Cutter declares she does not care for divorce, her interest centering in the deed which will hold valid by the courts, bestow upon her her husband's entire estate, estimated at \$200,000. It was a deed of gift executed by her husband to her when he thought he was dangerously ill, and which was filed a few months later by Mrs. Cutter.

Confident of success in her case, just now the loss of curious silverware and cutlery, of China and Japanese art treasures to the value of \$2000, is arousing Mrs. Cutter's indignation. "Many of these things were brought to me by my father, Lieutenant-Commander A. J. Dabney," she said, "who made frequent journeys to Japan and always brought to my mother or to my family mementoes of his long absences."

"That the bare furniture is all that my house contains, and yet it is my house and not community property as the general impression has been, I cannot be disturbed in its possession."

NO COMPROMISE.

"There is no permanent compromise between Mr. Cutter and myself and everything is in worse condition than before his sister, Mrs. Marion Cutter Chester, came to help with the settlement. It is true that Mr. Cutter wants to join him at Grand Cañon, Arizona, after he left here with Marion in my charge, acting over our understanding in court."

"Six telegrams came from him. Then his sister joined him and no more have come. Before leaving her Mrs. Chester leased this house under a power of attorney, but when I demanded the key from the lessee, she surrendered it because he knew he had no right to it under the papers he held. And I am going to remain here. Within two weeks I hope to get the deed case settled, and then I will take possession of the whole series of differences to a head."

For many hours Mrs. Cutter was engaged in getting out the right side of the locks in the house, as she told it. She said the house cleaning servant sent in the home and then carefully searched away, as if of the property. Mrs. Cutter said she had seen the key for the conduct of the house, showed the effect of the careful instructions and when she had seen all this was done now. Little Marion Cutter, Miss Virginia Porteus, Mrs. Cutter's aunt, and Miss Alberta Dabney are all sharing the inconvenience of the bare house. Mrs. Dabney will leave through the winter and return to Washington.

WOMEN'S DIFFERENCES.

The differences between Mrs. Marion Cutter Chester and Mrs. Cutter date from earlier days. Mrs. Cutter says:

"Mrs. Chester was not born in naval society; she merely married into it. Her husband is Junior Lieut. A. T. Chester. I went out in Washington society that Mrs. Chester was not admitted to before her marriage. My father was chief of the Hydrographic Office at Washington during the Spanish-American war, and his position opened exclusive circles to his family."

When the contest of the deed of gift comes to trial, Mrs. Cutter promises that she will produce six witnesses to the fact that she and her husband were not married. She says that she left the deed in a safety deposit because it was not convenient for her to have it at the time of filing the deed. Mrs. Cutter used to say that that suit has been dismissed.

While E. Kendall Cutter is the grandson of Amos Kendall, Comptroller of Currency under Van Buren, the beautiful young woman who bears his name matches his descent with a famous name on her side. She is a great-granddaughter of Mrs. De Munnich, the virtual Queen of France, the beauty and charm of May Dabney Cutter, as shown in the infatuation of her husband, seems a transmission of the power of Mrs. De Munnich, who lived upon herself the thousandth of a fancy of Louis and held it until his death.

"Fidèle et Reconnaissant," reads the crest of the D'Aubignes. "Faithful and Grateful," is the interpretation given by the young woman who uses the crest in Southern California. And surely Ned Cutter will find it so, for the courts hold that his deed of gift has been voided with \$200,000, while he goes forth without wife or baby or money.

THEIR MONEY IS QUEER.

Two Boys Arrested for Passing Confederate Bills—Many Business Men Victimized.

Not hardened criminals, but two boys, are believed to be responsible for the circulation of a quantity of Confederate money throughout the city during the past few weeks, and the lads have already made a partial confession as to their part in the operations.

Through the efforts of Special Officer Charles L. Foster of the Bonnie Brae district, two lads, George Powers, aged 15, and J. McFarland, aged 15, have been arrested. The McFarland boy was recently paroled from the Whittier State school and is supposed to be responsible for an association of youths.

Officer Foster was attracted toward the boys because of the counterfeit currency which they were passing. He was seen to enter several stores in the vicinity and ask for change for bills of the denomination of \$5 and \$10. In several places they were refused, entering a drug store at Seventh and Alvarado streets, one of them purchased a small quantity of candy, tendering in payment a \$10 bill.

The officer arrived on the scene at this juncture and interrupted the proceedings and put the boys under arrest. They told a story of having received the money in payment for some work performed yesterday for a family on New Hampshire street, but

## AN UNEQUALED BUSINESS RECORD

Unprecedented Gains Shown in Times' October Advertising.

October, 1936, has proven another banner month in Times advertising. A total volume of 4534 columns of paid matter in the unequal record, or an average of 146 columns per day. The two other morning papers and one evening, combined, printed a total of 4568 columns, or only 32 columns more than The Times alone. The publishers take pardonable pride in announcing this undoubted world's record for newspaper advertising, and repeat, without fear of contradiction, that the volume of paid matter regularly printed by The Times is greater than that in any North American newspaper—which means greater than any newspaper in the world. No three local newspapers combined can show at any time a volume of legitimate, paid matter equaling the bona fide advertising figures of the Los Angeles Times.

One registered physician has attended over 10,000 abortion cases, either as an operator or visiting physician. His nerves gave way under the strain. Infants have been murdered at the hands of their mothers. They have died under false death certificates, being returned victims, robbed and turned adrift in the streets. Other crimes have been committed.

SAFE WITHSTANDS CRACKSMEN.

YUBA CITY BANK ENTERED. (BY THE ASSOCIATED PRESS—A.M.)

MARYSVILLE, Nov. 10.—Safe crackers entered the Farmers' Cooperative Union Bank in Yuba City some time last night and blew off the outside door of the vault, but were frightened away before completing their work, by Officer Nye, who heard the explosion from a distance, and made an investigation in the morning. They were found broken from the front door and the back doors were open. The tools for breaking the combination from the door were stolen from an adjoining blacksmith shop and a crowbar was stolen from the Southern Pacific section house. The robbers departed through the back door, taking only a revolver that was in a drawer of a desk in the office.

The crime was discovered when Cashier C. R. Boyd opened the bank this morning and was immediately reported to Sheriff Wilson and Constable Chiles, who are investigating. Two strangers who were about town yesterday are suspected of the crime. One man was cut by the glass when entering through the front door, blood stains being left on the ash.

The safe inside the vault contained several thousand dollars but was protected by modern burglar-proof mechanism.

BUSANNA'S CASE SUBMITTED.

BOSTON GRAND JURY GETS BUSY.

(BY THE ASSOCIATED PRESS—P.M.)

BOSTON, Nov. 10.—The case of Susanna Geary of Cambridge, the chorus girl who died here as the result of unlawful medical treatment and whose dismembered body was found in suitcases in Boston harbor, was submitted today to the grand jury. That body will be asked to report indictments against at least four persons, all of whom are now under arrest. They include Louis Crawford and William Howard, who are held in New York as the persons who disposed of the body; Dr. Percy McLeod, a Back Bay physician, who was arrested on the charge of dismembering the body; and Morris Nathan, the girl's lover.

About forty persons summoned to testify before the grand jury appeared at the courthouse today, among them being Nathan, Nathan and Dr. McLeod were called before the grand jury during the forenoon. Nathan was charged with having been accessory before the fact to the operation which caused the girl's death and Dr. McLeod was charged with abortion. Both were continued until Friday.

Nathan's bail was fixed at \$5000, and Dr. McLeod's at \$20,000. The latter had been at liberty since shortly after his arrest Friday, and his bonds were renewed. No surety appeared for Nathan.

A new witness in the case came forward today when Dr. John H. Pettie of Oxbury appeared before the grand jury. Up to today Dr. Pettie's name had not been publicly mentioned in connection with the investigation.

PLATT'S SUIT DISMISSED.

HANNAH ELIAS SCORES ONE.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, Nov. 10.—The appellate division of the New York State Supreme Court today handed down a decision dismissing a suit brought by John R. Platt against Hannah Elias, a negro, to recover \$655,000 which Platt asserted he had given to her under coercion. The court stated in the decision that it was not made on the merits of the case.

"The decision reads, 'many allegations of acts on the part of Hannah Elias which would result necessarily in a decree requiring her to make restitution of what she received from the plaintiff. The difficulty is, none is proven.'"

GEM THIEF CONFESSES.

RIG HAULE, THEN SING SING.

(BY THE ASSOCIATED PRESS—P.M.)

NEW YORK, Nov. 10.—Confession to the robbery of \$100,000 worth of gems from fashionable New York homes in the last two years was made today by Harold Prescott, a painter. His profit on pawning the jewelry, Prescott said, was but little over \$2000.

Almost by accident the painter was arrested in connection with a recent small robbery and the police were ignorant of the value of their arrest until his arraignment today. Immediately, search was made of pawnshops he named and the police say they have recovered \$20,000 worth of the stolen gems already.

Prescott was later sentenced to five years in Sing Sing.

THEIR MONEY IS QUEER.

Two Boys Arrested for Passing Confederate Bills—Many Business Men Victimized.

Not hardened criminals, but two boys, are believed to be responsible for the circulation of a quantity of Confederate money throughout the city during the past few weeks, and the lads have already made a partial confession as to their part in the operations.

Through the efforts of Special Officer Charles L. Foster of the Bonnie Brae district, two lads, George Powers, aged 15, and J. McFarland, aged 15, have been arrested. The McFarland boy was recently paroled from the Whittier State school and is supposed to be responsible for an association of youths.

Officer Foster was attracted toward the boys because of the counterfeit currency which they were passing. He was seen to enter several stores in the vicinity and ask for change for bills of the denomination of \$5 and \$10. In several places they were refused, entering a drug store at Seventh and Alvarado streets, one of them purchased a small quantity of candy, tendering in payment a \$10 bill.

The officer arrived on the scene at this juncture and interrupted the proceedings and put the boys under arrest. They told a story of having received the money in payment for some work performed yesterday for a family on New Hampshire street, but

## Machin's New Model

## Walk-over Shoes

FOR MEN AND WOMEN

"When Walk-overs go on, troubles go off"

In the wide variety of Walk-over shoes there's a style for every occasion from the ball room to mountain climbing. The model shown herewith is

No. 629

AN IDEAL WINTER SHOE

FOR MEN

One of the newest models from Walk-over factory. It's made of heavy camellid leather, cut, with strong double sole, ing clear through the heel; the sole is double sewed and finished with a rough-weather shoe with a lot of life to it.

Just the shoe for wet, rainy weather. The last is in a superior manner throughout.

Every man ought to have a pair. In and try on this shoe—see for yourself how comfortable it feels, how it is made and how much better it is than any other shoe that sells.

\$4.00 PER PAIR

More than 150 other Walk-over models for men and women, \$3.50 and \$4.00 per pair. Better shoes are not to be had without paying considerable more.

Walkover Shoe Store

1111 South Spring Street. Corner Fourth and Spring. J. F. Wright & Son, Inc., Props. Pasadena Store, 114 E. 6th St.

Nothing that Mr. Crockett has done for several years equals this novel.

THE CHERRY RIBBAND is dedicated to the readers of "The Lilac Sunbonnet," the novel that made the author famous—because Mr. Crockett himself feels that he has perhaps surpassed his own most brilliant work.

There are certain books by all voluminous authors that mark the periods of their best achievements—we believe that THE CHERRY RIBBAND marks such a period. Illustrated by Claude Shepperson. Price \$1.50, Illustrated.

A. S. BARNES & COMPANY, NEW YORK

## THE CITY IN BRIEF.

READY TO BITE.

Race-track suckers on hand.

## NEWS AND BUSINESS.

## Court Going North.

The United States District Court will go to Fresno today. The session will probably continue during the major part of next week.

## Sunshine Society.

For the Sunshine Society Mrs. Thomas P. P. of the Hotel Fremont will entertain with a card party this afternoon from 2 until 5 o'clock.

## Outgoing Chinks.

United States Marshal H. Z. Osborne started yesterday afternoon with a consignment of Chinese, intended for the deportation ships.

## Troublesome Blind Pig.

T. DeGeorgian and J. Sullivan were arrested by Officers Ingram and Home at Ninth and Lemon streets yesterday afternoon for the third time within the past few months, on the charge of running a blind pig.

## Republican League Election.

The Los Angeles branch of the Army and Navy Republican League of the State of California will meet this evening in the hall at No. 517 South Broadway, for the purpose of electing officers for the ensuing two years.

## Sailor Man Injured.

J. Fellinger, employed on the Steamer Norwalk, was injured at San Pedro harbor yesterday afternoon while assisting in the loading of the vessel. He was removed to the Sisters' Hospital last night.

## Trio of "Bad Men."

Herman Walker, Elmer James and Leander Moore, aged respectively 11, 12 and 13 years, armed themselves with knives and revolvers yesterday afternoon and started out on a till-tapping expedition. They robbed the money drawer of the Hotel Fremont, No. 1215 West Washington street, of \$8, but they had not proceeded far when police caught them. The boys have been interested in several similar jobs. They are said to be incorrigible.

## Reception to Delegates.

A reception was tendered to Mrs. Florence Richards, a delegate to the National W.C.T.U. from Ohio, at the residence of H. Boylston, Boylston Heights last night. An address was delivered on the part of the W.C.T.U. by Mrs. Pardee, to which response was made by Mrs. Richards. A duet was sung by Mr. and Mrs. Martin, and a piano solo was rendered by Mrs. Newton. The affair was largely attended and was a most pleasant one throughout.

## "Daily Bread."

Francis Murphy's gospel temperance meeting Sunday evening in Blanchard Hall will be presided over by T. W. Anderson, a real estate man. Murphy will speak on the theme of "Daily Bread." Byron Gottlieb, son-in-law of the late Gov. Pio Pico, will read address, and other speakers will be Col. Henry Higgins and John O. Holbrook, former proprietor of an Occidental Park hotel which had difficulties with the authorities over the sale of liquor. Miss Stevens of Hollywood will give solos, and there will be spirited chorus singing.

## Lottery Joint Raided.

Detectives Ingram and Riley last night raided a lottery joint at No. 2434 East Second street, capturing Ah Jim, the proprietor, Ah Lam, who was returning from Chinatown with the drawings when the officers arrived. The place was run under the guise of a curio store, and while Officer Ingram was searching beneath a counter for lottery tickets, the wily Ah Jim conceived the idea of making his escape. He broke for the door and stumbled down a steep flight of stairs, and was just emerging into the street when Ingram who had given chase grasped him by the collar.

## Fiesta Designs Rejected.

The Fiesta Committee of the Merchants' and Manufacturers' Association met yesterday afternoon to decide on a Fiesta poster design. Four were submitted, but all were rejected, and the competition will be open until November 25. Fifty dollars will be given for the accepted design. The committee desires incorporated in the poster the idea of the two heraldic blaring poppy horns, and some central suggestion of the Fiesta Shrine. The red, green and yellow of Fiesta must be used, and it is desired to hold the designs to these three colors and their blends in the most effective possible.

## Crushed by Switch Engine.

C. H. Hoagland, aged 53 years, was killed in the freight yards of the Santa Fe railroad at 4:30 o'clock yesterday afternoon by falling beneath a switch engine. Both legs were badly mangled, and the right hand was crushed to a pulp. The remains were taken to the undertaking parlors of W. A. Sutch where an inquest will be conducted at 4 o'clock this afternoon. Hoagland was a car inspector and was going about his duties at the time of the accident. He was just about to throw a switch when in some manner he slipped beneath the wheels of the locomotive. He leaves a widow and daughter. The family reside at No. 128 South Flower street.

## BREVITIES.

Times "Liner" Advertisers—Important change in rate for Sunday classified advertisements. Commencing Sunday, October 1, 1933, and thereafter, the rate for "Sunday" "Liners" will be 14 cents per word for each insertion; minimum charge, 25 cents, as at present. This slight advance is amply justified by the present Sunday circulation of the Times, which averages over 60,000 copies. (When the 1-cent per-word rate was established in 1922, the Times Sunday circulation was only 14,000 copies.) The "Liner" rate for the daily-1 cent per word—will stand as at present.

The San Francisco office of the Los Angeles Times is in room 41, Chronicle building, Telephone Main 1472. Subscriptions and advertisements taken. Visitors will find copies of the Times on file, and are welcome to call and read them.

At First Congregational Church, Hope street, near Ninth, at 7:30 o'clock Sunday evening, Mrs. Margaret Bottom, founder of the King's Daughters, will speak. All King's Daughters are especially invited.

Dr. Geo. C. Somers, 213-14 Currier Bldg., has returned from Chicago, where he spent a month in post-graduate work. Some people will have Hanly's Cal. Food Coffee. Good for the nerves.

## FOR SMELTER AT SAN PEDRO.

COMPANY SAYS THERE WILL BE NO ESCAPING FUMES.

To Allow This Would Destroy the Vacuum and Force a Shut-down at Enormous Loss—Twenty-five Acres Wanted for Site—Chamber of Commerce Interested.

Yesterday afternoon a committee of the San Pedro Chamber of Commerce was in the city and conferred with the representatives of the Vacuum Smelter Company that has proposed to put a smelting plant at the seaport town of Los Angeles. The main question discussed was that of preventing the destruction and damage done by escaping fumes and gases common in the ordinary smelting plants. Unless this feature could be totally eliminated the committee was frank to state that the project would meet with opposition. The inventor of the process which is to be used, F. L. McGahan, explained that by his method all the gases would be utilized or disposed of in such a way that none could possibly escape. To let out any of the gases would be to introduce air, destroy the vacuum and force the shut-down of the works with the loss of thousands of dollars. If that every precaution would be taken to give the absolute guarantee demanded that there would be no trouble from this source.

The smelter people have asked for a site of twenty-five acres, having free access to water. It may be necessary to have an understanding with the Southern Pacific at this point. The promoters state that they have been approached by parties desirous of them to locate at San Diego.

The smelter, which has already been described in part in The Times, is operated by a system of burning gas in a vacuum and dispensing entirely with coke. The plant proposed is expected to be of 500 tons capacity and able to handle gold, silver, copper or lead ores; drawing a supply from Arizona, Nevada and Southern California by rail and from Lower California, Sinaloa and the lower Mexican coast by sea. Besides, it is expected to make some chemical by-products.

The gas will be generated from water by superheating steam and forcing it through a series of nozzles into combustion chambers, where they are mixed with a carbonate, each element entering through a separate opening. There are seven of these combustion chambers, all focused on the central point where the heat is to be in the vacuum furnace and on the gas coming together produce the fire and heat requisite to smelt the ore. For producing the steam as well as for furnishing the necessary carbon, oil will be used. Only a small quantity will be needed. Where there is over 18 per cent of sulphur in the ore almost none will be needed.

The members of the committee were S. N. Storrier, William Wickham, Winfield Hoegeman and E. J. Chapin. They seem to be favorably impressed. The company is represented here by Garner Curran, who was for several years a resident of this city. Eastern capital is interested in exploiting the patent and has already put up one smelter at Ajo, Arizona. Some stock may be placed locally.

## VITAL RECORD—BIRTHS, DEATHS, MARRIAGES.

**BIRTHS.**  
STETINGER. To the wife of Max C. Stetinger, November 8.

Gauze or Medium Fast Black. Special line of colored hosiery; just opened; in women's self embroidered; 50c values 35c.

Excellent Values in Underwear

At 25c a Garment

## THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

Councilman Hammon yesterday afternoon announced that a compromise had been effected in his ward and that the oil men have agreed to vacate the hill district by July 1.

Mayor Neff of Kansas City, Mo., and six Councilmen were here yesterday to inspect work on new Decarie garbage incinerator.

Mrs. Dennison of Maple avenue yesterday morning sought to escape her home by jumping from a second-story window.

In an attempt to forecast the year's results in the courts so far as divorce is concerned, an improved condition is noted.

The County Surveyor is to establish the grade in the vicinity of Prospect Park, and when that is done the Surveyors will determine what steps can be taken to comply with the wishes of the residents in regard to street improvement.

Other victims of Ashton, Doyle and Mrs. McCrimmon, charged with "David Harum" tricks in horse trades, appeared in Police Court to testify against the accused.

Dr. Stahl, charged with illegal practice of medicine, was acquitted yesterday by a Police Court jury.

AT THE CITY HALL.

OIL MEN AGREE TO MOVE OUT.

SECOND WARD HOPES TO LOSE THAT "BORED" LOOK.

Operators Will Vacate by First of July—Hammon Success in Rubbing Some of the Smudges Off His Back—Kansas City Officials Here.

Councilman Hammon has finally succeeded in getting a part of the smudge rubbed off his back. The hill section of his ward was a bored look which the people attributed to the oil wells.

Property owners in the western end of the ward appealed to their Councilman for relief from what they termed the "dreadful" and "bored" look.

While other legislators have been taking trips to Salt Lake and Portland, and even to Owens River Valley, Hammon has stayed right here and labored to bring about a compromise which would result in the cleaning up of the oil field.

In this he has had the support of the great majority of his constituents; but he has been compelled to make haste slowly for the reason that many of the oil-well operators are also residents of the Second Ward.

The Council was loath to act in the matter of passing prohibitory ordinance, and Hammon found that if anything was to be accomplished it must be through arbitration. Yesterday afternoon he came to the Council committee room and told those interested that the oil-well operators and the people have finally agreed to a compromise under the terms of which the district bounded by Beaudry, Sunset, Cullen and Douglas streets will be cleared of oil wells, derricks and pumping stations by July 1.

This date is as early as some of the oil-well owners desired, but it is as far distant as the oil-well men would like. That it is much more satisfactory to Hammon than the present unsettled conditions, Hammon stood up several days to show the time limit he laid down April 1, but the oil-well men made representations to the other members of the Council that the ordinance would mean a practical confiscation of their property, and the Councilman in this aided with the oil men.

Before leaving for Owens River the Council passed a resolution instructing the City Attorney to prepare an ordinance which would clean the oil wells out of the district named in the second ward. The ordinance was adopted by a vote of 10 to 2. Hammon gave up his intended Owens River trip and went quickly to work to get the ordinance passed.

A strong factor in cleaning up the oil district has been the rapid advance in value of city property. Owners of land oil but in the district have found that there is more money to be made in renting the land for residences than in pumping oil. There are now forty-seven pumping wells in the district, together with about a dozen oil derricks over abandoned wells.

INSPECT CREMATORY.

TESTED FROM MISSOURI.

Mayor J. H. Neff of Kansas City, Mo., and six members of the council of that municipality, are here to inspect our new garbage incinerator. They have made the journey half way across the continent for the purpose of viewing a Decarie crematorium in the process of construction.

Kansas City has decided that it wants a municipal garbage crematorium. Before making final choice of the many plants offered the Mayor and six councilmen were sent to view the large crematorium of the country.

At Atlanta, they saw a Decarie crematorium in action and expressed themselves as well satisfied with the result. But agents of some other kind of incinerators have been whispering that the steel used in the construction of the Decarie plant is of an exceedingly cheap grade. To decide this question the officials spent the greater portion of the day yesterday inspecting the partially completed incinerator down on Santa Fe avenue.

After the inspection they expressed themselves as satisfied that Los Angeles is getting an incinerator at least the peer of any in the country. The visitors not only inspected the crematory themselves, but went to the local manufacturing plants, which are furnishing most of the material.

While declining to express opinions, the members of the party told local officials that the model which the incinerator is being constructed in the one on which the Kansas City crematory will be erected, is a very good one, the councilmen who stay at home will take the inspection committee's word for it.

Yesterday evening Mayor McAlister entertained the visiting officials at luncheon at the Lankershim Hotel. After dinner the visitors took in the sights of the business district. They were all interested in the ornamental lighting system on Broadway. They declared it to be finer than that of any other city which they have visited. They inquired as to the cost of the system in which the extra expense is paid and requested the City Electrician to send them a copy of his annual report

dealing with the ornamental lighting. Today the visitors will return East. Those in the party are Mayor J. H. Neff and Councilmen Joseph Weston, B. S. Cronwell, M. Wuerz, C. E. Zinn, S. C. Woodson, and E. W. Davis.

## PAVEMENTS NEEDED.

STREET SUPERINTENDENT HANLEY has prepared a list of streets on which he thinks cement sidewalks should be constructed. The thoroughfares are all north of Second street, and most of them are in the First Ward. Among them are: Pasadena avenue from Buena Vista street bridge to Garvanza, a distance of about five miles; Downey avenue from the west end of Downey avenue bridge to Sunset boulevard; East First street from the Los Angeles River to the intersection of East First street with the Los Angeles River to Prichard street; Buena Vista street from Sunset boulevard to the Buena Vista street bridge.

Several months ago the Street Superintendent submitted to the Council a list of streets on which he thought it was badly in need of cement pavements. Since that time proceedings have been commenced for improving most of these thoroughfares. Mr. Hanley hopes that he will be able to do so with the north end thoroughfares. The expense of laying cement sidewalks is assessed to the abutting property and a protest from the majority of frontage on a street is a legal bar to the improvement.

HER CHOICE.

DEATH BEFORE QUARANTINE.

Prefering death to the imaginary horrors of a smelly quarantine, the body of a woman who resides at No. 630 Maple avenue, yesterday morning swallowed an ounce of chloroform. Assistant Health Officer Garcon pumped the poison out of her stomach in time to save her life.

The Dennisons live in one of a row of Maple-avenue flats that were quarantined three days ago for reason of the fact that a boarder in one flat contracted smallpox. Mrs. Dennison is still young and inclined to the romantic. Her imagination pictured infectious horrors as the result of enforced residence in a building infested with smallpox.

Her troubles appear to have been increased by the fact that her husband, who was not a favorite with her, yesterday morning sought to end it all by the chloroform route. Dr. Garcon last night said that she is out of danger.

AT THE COURTHOUSE.

MARRIAGE IS NOT A FAILURE.

DIVORCE SUITS IN LOS ANGELES COUNTY DECREASING.

Number of Marriages Licenses Granted Constantly on the Increase as a Result of the Prevailing Wave of Prosperity—Only One Divorce New to Every Seven Weddings.

That marriage is not altogether a failure is indicated by the fact that the number of divorce suits in Los Angeles county is decreasing in proportion to population, while the number of marriages is on the increase. The latter fact being regarded as the natural result of the prevailing wave of prosperity.

From November 1, 1934, to October 31, 1935, there were granted 144 divorces. During the same period there were granted 1,444 marriages.

When the data for the calendar year is compiled, it is reasonably certain that the number will exceed that given for a considerable portion of this year eight departments have been turning out divorces, while previously only six departments were engaged.

During the same period there were granted 1,444 marriages. A number far exceeding previous years. The divorce had formerly averaged about one per cent of the number of marriages, or about one divorce to every seven marriages. This is a decided improvement for two years ago there were one to every four marriages.

The divorce had formerly averaged about one per cent of the number of marriages, or about one divorce to every seven marriages. This is a decided improvement for two years ago there were one to every four marriages.

There might be some reflection upon the population of the city and county and the fact that the divorce rate has been estimated that of the total number of divorces only about 10 per cent are from the East and the Middle West. The vast mass of aggrieved persons are from the East and the Middle West. The vast mass of aggrieved persons are from the East and the Middle West.

There is another apparent indication of the status of affairs that is misleading. About 95 per cent of the divorces are granted to the wives, and from that it is often inferred that the percentage indicates the number of offending husbands. Its face so it does, but to anyone who knows the facts it is a gross misstatement. It is found that in a large proportion of cases the husband person is the cause of the divorce.

VELA CONVICTED. JURY SAYS MANSLAUGHTER. The jury in Judge Smith's court yesterday found Ascension Vela guilty of manslaughter, in having killed a young man at Chatsworth Park.

The prosecution had argued that it was a case of murder in the first degree or an acquittal, and the jury had been appealed to on that basis. Vela will be sentenced next Tuesday.

During the time the defendant was waiting for the verdict the old Mexican mother sat by her son, with her head bowed and a sad, hunted look upon her face. Both mother and son sat motionless until the crowd poured from the courtroom, and then Vela—who is a rather handsome young man—very gently and tenderly embraced his mother and guided her feeble steps from the court with his arm around her.

After the verdict, Vela was taken to the jail. He is a native of Mexico and has been in the country for some time. He is now being held in the jail at Chatsworth Park.

PROSPECT PARK ROW. NOT ALL GRAHAM'S FAULT. The supervisors took a drive through Prospect Park yesterday in accordance with the promise made to the residents that an examination would be made to see if the residents' complaints were founded. When the complaining parties lined up before the board last Tuesday the meeting resolved itself into a row. It was a particularly heated one, and the supervisors were forced to intervene.

## FED BY ANGEL OF THE DESERT.

COUNCILMAN JUNKETERS FARE WELL ON THEIR TRIP. Owens River Party Camps First Night Out at Coyote Holes, Fifty Miles from Mojave—Viewing Lines of Proposed Conduit—Wild, Weird Scenery.

STAFF CORRESPONDENCE OF THE TIMES. COYOTE HOLES (Kern County). Nov. 10.—Mr. F. S. Raymond, whom William Mulholland once christened "The Angel of the Desert," has just finished the feeding of eighteen starlings and four geese at the table of the party, declares that without exception, bar none, Mrs. Raymond is the best cook he has encountered in the whole of his gastronomic career.

Fancy winding up a day's drive of fifty desert miles with grilled quail, fried chicken, baked beans and chilies, and for good measure a tabul of variegated preserves and two desserts! Hungry? You never saw a crowd eat like these councilman junketers. Well, we have only Harvey and the party, and for the moment we are in the moonlight and the stars are out. The party is thirteen without the drivers—Councilman Smith, Mr. Houghton, Mr. Houghton and Mr. Houghton.

Mr. Houghton, a real estate dealer of Los Angeles, was on hand to testify against the men. Other men were with Perkins and all said they were ready to tell of their wrangling operations the traders had been engaged in previous to the transaction in which David Low was ejected out of 120. Perkins says the same day team was sold to him several weeks ago, and there for many years he had been "done," he said the animals back to Ashton and Doyle at a sacrifice in order to get rid of them.

Ashton and Doyle were assigned before Justice Chambers to battery charges. They entered pleas of not guilty and their trials were set for November 14, at 10 o'clock in the afternoon. Mrs. McCrimmon did not appear in court as she was not directly concerned in the fight in which Low was badly beaten.

DESTITUTE AND SICK. PLOIT OF MRS. CALMES. In the trial of a case against La Rue Calmes, brought in Justice Chambers' Court by the man's wife charging failure to provide, a distressing state of affairs was brought out yesterday. Mrs. Calmes, who has been at No. 523 Gladys avenue, alleged that her husband deserted her and left her with two sick children. She said that the children are suffering with typhoid fever. Calmes entered a plea of guilty to the charge. He will be sentenced to day.

DOCTOR NOT GUILTY. STATE BOARD FAILS TO CONVICT. Dr. W. Fred Stahl, charged with practicing medicine without license from the State Board of Medical Examiners, was acquitted yesterday. Through his attorney, Stahl tried to show prejudice against himself by the State Board. He claimed that he had been practicing for many years and that he was a member of the State Board of Medical Examiners. The jury found him not guilty.

More Speedy Autoists. F. E. Stier, F. B. Henderson, W. R. Bird, R. H. Hollingsworth and D. B. Rose, violators of the automobile speed laws, were fined \$25 each by Judge J. H. Smith yesterday. The judge said that the defendants were "speedy autoists" and that they had been caught by the police.

Thomas Smith, a peripatetic vendor of pencils, raised a disturbance in an electrical supply house at Third and Main streets yesterday afternoon. He was caught by the police and is now in the police station.

W. A. Williams who developed a fondness for passing bogus checks was yesterday sentenced to the county jail for 14 days. The judge said that Williams had been caught by the police while passing a check for \$100.

A jury in Justice Rouse's Court yesterday found a woman guilty of passing a check for \$100. The woman was sentenced to the county jail for 14 days.

Thomas Smith, a peripatetic vendor of pencils, raised a disturbance in an electrical supply house at Third and Main streets yesterday afternoon. He was caught by the police and is now in the police station.

## ONE HEAT FOR HAZEL PATCH.

ZOLOCK RUNS BEHIND IN SAN BERNARDINO RACE.

Five Thousand Enthusiasts Throng Association Park and Witness Test of Speed Between Two Noted Spallers of Horseflesh—Mayor McAleer and Friends Among Spectators.

(BY DIRECT WIRE TO THE TIMES.)  
SAN BERNARDINO, Nov. 10.—[Exclusive Dispatch.] Over five thousand enthusiasts crowded Association Park this afternoon to witness the test of speed between Hazel Patch and Zolock. The event being the war attraction of a three-day's meet. The meet is given under the auspices of the Southern California Harness Horse Association. Conspicuous among the crowds was Mayor McAleer of Los Angeles, who, with a strong contingent, arrived here early in the morning.

Only one heat in this race was run, Hazel Patch crossing the wire a length and a half in the lead of Zolock, after one of the grandest displays of speed ever witnessed on a local track. The winning horse had been given the pole and to keep in the lead had to strain his speed qualities to the limit; time 2:08.

Stetling was about even when the horses started off and tonight there was hardly a perceptible change, though Zolock is a strong favorite with people here, and some bets into thousands have been staked against the result of tomorrow's race.

In the 2:30 pace in which nine entered, Zolock was easily leading, leading in all three heats; Victor Platte second, and Jennie A. third; time 2:14.

The 2:14 trot was won by Ralph, Electric Madam coming in second, and R. Ambush third; time 2:15 1/2.

## WINTER RACING SEASON. BEGINS AT OAKLAND TODAY.

(BY DIRECT WIRE TO THE TIMES.)  
SAN FRANCISCO, Nov. 10.—[Exclusive Dispatch.] The winter racing season begins tomorrow under unusually favorable auspices. The weather has been perfect for six weeks past, so that racing at the track are well advanced.

An attractive opening-day card has been arranged. Proper, 128; Reservation, 131; High Chance, 108; Bragg, 102; Cyclohex, 101; Rightful, 102; San Jose, 109; O'Connell, 102; Celeris, 106; Judge, 105; Bombardier, 102; Blue Eyes, 98; Briarcliffe, 97, and Terns Road, 97.

Proper, on the strength of his New York form, promises to be a strong favorite and will carry a world public money. Good Cheer, High Chance and San Jose promise to have the biggest following of other starters.

A meeting of the fast horses Bear Catcher and Cruzados in a six-furlong sprint is sure to attract more attention than any other race. Bear Catcher has not started since running second to Artful, and his condition at present is estimated. Cruzados figured in a sensational work-out Thursday and appears to be faster than any time in his career.

Rio, Arkansas turfman's colors, will be seen here for the first time. He is to start with B. Gates, Gov. Day, Rightful, Duellist and Lone Wolf. All officials are here except Judge Pettigall, who comes here at the conclusion of the Aqueduct meeting. A number of Chicago bookmakers are here for the first day.

Among the jockeys who will have mounts tomorrow are Knapp, W. P. Davis, E. Walsh, Aubuchon, O'Connell, Graham, Goodchild, League, Fountain, Clark, Gadsden, McBride, Rice, Minder and Otto. Beau Grondine is likely to be an added starter in the handicap.

## STANFORD AND BERKELEY. GREAT OPENING TODAY.

(BY THE ASSOCIATED PRESS-P.M.)  
STANFORD UNIVERSITY, Nov. 10.—[Exclusive Dispatch.] The opening of the magnificent new Stanford stadium, just completed at a cost of \$150,000, will be dedicated by the fifteenth annual football game between Stanford University and the University of California.

A spirited practice, last night, brought the season of preliminary training to a close. The season has on the whole been a disheartening one to the Stanford supporters, injuries and frequent slumps making the task for coaches and trainers of rounding the team into fettle for tomorrow's supreme contest, an unusual thing.

Two weeks ago, as a last resort, Langan took his protégés behind closed doors, and the exhibition of last night was the first public performance of the team since that time. The most apparent reason for the team's poor condition and "Dad" Moulton pronounced each one trained to the minimum.

Today was a day of relaxation for the squad after their long series of arduous training. Accompanied by their coaches and trainers, the ground crew, the hills where they spent the day in quiet pastime and sport.

Stanford's brothers, Neilson and John, of Princeton fame, will alternate as referee and umpire. Chester Murphy, Stanford '30, the famous quarterback, will act as head linesman, and J. T. Noone, Stanford '30, and Kenneth Hamilton, U.C. '29, will hold the stakes under his direction.

## CUBA AND CALIFORNIA. TRAINING PLACES FOR BALL.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Nov. 10.—[Exclusive Dispatch.] The president and manager of the National League Baseball Club discussed today plans for next year, the most important of which was the question of a training place. Two places were mentioned, Cuba and California.

It is possible that California will be selected, although nothing definite was decided upon. A flustering proposal has been made to the Giants to go there, as the people of that State have been clamoring for the team. McGraw will remain in New York until after the holidays, when he will probably go to Hot Springs, where many of the Giants usually join him after the first of the year.

Mike Donlin, the Giants' center fielder, has decided not to return to Cincinnati, but to make this city his permanent home.

## SENSATION OF THE TURF.

Freeman Was Raced as Buck Wynne in Spring.

One Fatal Blunder Balked the Great Turf Clean-up.

All in Readiness for the Races at Oakland.

(BY DIRECT WIRE TO THE TIMES.)  
CHICAGO, Nov. 10.—[Exclusive Dispatch.] What horsemen regard as one of the most sensational stories in the history of the American turf is about to come to light through the recent efforts to ring in Freeman as Catear at Jamaica, October 20. It now develops, according to a follower of the game, that Freeman was raced as Buck Wynne, and that the last-named colt was put to death in California, the night Freeman was stolen, in order that the stolen horse could be substituted as Buck Wynne without chances of exposure.

The story is told by a well-known Chicago clubman, who profited on the St. Louis deal to the extent of close to \$50,000. All the details of the ringle episode, the death of Buck Wynne and the heavy shipment of Freeman from St. Louis to the East when Judge Trevelyan ruled off most of the parties connected with the Buck Wynne case at St. Louis, when the horse's entry, along with that of Mabel Griffin, was ordered refused, and J. Howard, the alleged trainer, suspended indefinitely, are told.

May 23 Buck Wynne won a race at Union Park. He was backed down from 40 to 1 and closed to \$150,000 was taken from the ring. The Chicagoan received the tip from a friend on the inside, "One fatal blunder balked the greatest clean-up known to the turf," said the Chicagoan today.

"The story of Freeman from Catear's record, when they would have discovered that his death was well known."

The men who stole Freeman from the Los Angeles track planned to substitute him for Buck Wynne, who was owned by Tammany-Birdie. In order that their plans might never go amiss, Buck Wynne was killed, and the body of the colt was buried in a shallow grave and the bones could be found today in that grave unless destroyed by the line. The men had the idea in view when they stole Freeman to his death.

## THE GAME ENDS IN DARKNESS.

LONG THIRTEEN-INNING FIGHT ENDS IN A DRAW.

Both Hall and Brown Pitch Great Ball and Keep the Hits Scattered. Charley Graham Fined Three Days' Salary and Put Off the Field for "Bassing" the Umpire.

Los Angeles 1; Tacoma 1. Thirteen innings. Darkness.

Thursday it was 1 to 0 in fourteen innings with the locals in the lead and yesterday it was 1 to 1 in thirteen innings, continued in our next on the coast of the moonlight. Dugan took cold supper as a result of the long game, but if this year is a good one the street railway companies may promise to put more cars on the line throughout the city in order to get people home at the rush hour without having to hold on with their teeth and pay money for showing that they can.

None of the thousand fans here yesterday minded this unusual thing, however, for they were holding on with their teeth all through those thirteen innings. In fact, they never let go for Sista Davis had to call the thing off on account of darkness with both teams playing as hard as when they commenced. It was a awful night for players and spectators, for each team made a run in the fourth inning and then played nine more long ones without a run being scored. All this time the fans were on edge, and at last the pitchers were handing out championship ball that neither team could do anything with.

There was plenty of fine fielding and some errors, but the blunders were not costly and did not figure in the two runs made, the mistakes being made on hard chances. As the whole thing turned out, no one could have any fault to find with the play.

What might be called one feature of the struggle was the expulsion of Graham of the Tacoma team, who was not only fined \$25 by the umpire, but also told to leave the grounds. It is believed that Graham was on the third base coaching line in the fourth of the fourth inning, objected to a strike of McLavlin. Davis told Graham to shut up and lie down, and at this Graham commenced to call him various names not heard in Sunday school, and it is said that one of those names was "thief." Davis kept taking off Graham's bank account by five spots until he got the total up to \$25, and by this time Graham had picked up his doll and found his way out of the grounds. Mike Fisher also invented several new names for Davis, but very careful to announce them from the bench when Davis's back was turned. Aside from not winning the game, Fisher was very sore because Davis would not let him talk from the bench.

Tacoma made its run when Sheehan opened the fourth with a single to center. He advanced on Nordyke's sacrifice, went to third on Egan's sacrifice and stole home when Egan failed to cover the plate in his effort to help Hall field Egan's bunt towards first base. The Tacoma team scored on Egan's drive to right field and scored on Egan's fly to center.

Both Hall and Brown pitched fine ball and the score by innings shows how they kept the hits scattered. There was little to choose between them.

PACIFIC COAST LEAGUE.  
REDS ARE WINNERS.  
[BY DIRECT WIRE TO THE TIMES.]  
RIVERSIDE, Nov. 10.—[Exclusive Dispatch.] At Chemsawa Park today the Red Sox defeated the White Sox, 5 to 2. The Red Sox won by a score of 5 to 2. The day was ideal and the ground to good shape after the rains. The teams are as follows: Red Sox, Fred Meyer, Fred Meyer, Hudson, Flower and Coulson. The two latter alternated. Red-H and L. P. Mackie. Messrs. Mackie and L. P. Mackie alternated. The club will hold weekly meetings.

CHESS BY CABLE.  
MANHATTAN CLUB AT WORK.  
[BY DIRECT WIRE TO THE TIMES.]  
NEW YORK, Nov. 10.—[Exclusive Dispatch.] The Manhattan Chess Club, overcome by the difficulties of communication, thanks to the intervention of the German government, whose consent to the use of its land wires opened the way for the recapture of the Atlantic cables, will contest a two days' match on six boards with the leading players of Berlin, beginning at 10 o'clock tomorrow morning and extending over Sunday.

The cables of the Commercial Cable Company, connecting with government wires in the fatherland, will establish direct communication between Carnegie Hall, where the New York sextette will play, and the salon of the Land Proprietors' Club in Berlin, the headquarters of the German experts.

WHIST PLAY.  
HERMOSA WHIST CLUB HELD ITS FIRST MEETING.  
The Hermosa Whist Club held its first meeting of the season at the residence of Mrs. E. Todd, No. 1245 East Twentieth street. The first, second and third prizes for gentlemen were won by J. Stroble, L. C. Mather and George Porter, and the ladies' first and second prizes by Mrs. L. G. Mather and Mrs. E. Todd. Mrs. L. P. Paulsen captured the ladies' consolation prize.

After light refreshments had been served, the new officers were elected as follows: L. G. Mather, president; Mrs. H. D. Taylor, treasurer and Mrs. W. J. Todd, secretary. The next meeting of the club will be held November 25.

## BIG INTEREST IN VARSITIES.

FOOTBALL FANS PICKING THE CALIFORNIANS.

Gridiron Usurping Attention of Students, and All Thoughts Concentrated on Outcome of the Big Game to Come Tomorrow—How the Men Will Play.

(SPECIAL CORRESPONDENCE OF THE TIMES.)  
STANFORD UNIVERSITY, Nov. 9.—Stanford students are in great excitement and the college at large is forgetting its usual duties of study and giving itself up to that all-important question, which of the two California universities is to have supremacy in the football world of the Pacific Coast? Tomorrow the problem will be decided, the die cast, and one of the two institutions will go into deep mourning, while the other will don its festive colors in jubilation.

There is little doubt but that the game will be the most hotly contested and evenly matched that has been fought out for some years. Many think that Stanford has no show, many that it will be a tie, and still more that the final score will hit on some slip of fate. What the result will be is extremely hard to say, as in some games played against the same eleven by the two colleges Berkeley has had the higher score and in others the lowest. During the past week the cardinal color has been practicing behind closed gates, but on the other hand during the entire past season Stanford has been working secretly. It is certain that Coach Knibbe, with his system of practice, has more fond of trick plays than Coach Langan, with his system of practical football, and that the question remains which of the two styles is the better.

The Stanford players for the coming game, although not yet officially named, will, with little doubt, be those who have participated in the most important struggles of this year. Madino will play center; Friszel, who has been making good showing, right guard; Thompson, who last year had the experience of a varsity game, left guard; Crawford, the youngster, right tackle; Horton, also a sensational player, left tackle; Lyons, right end; Koorssen, left end; Stott, one of the stars, quarter; Vandervort, left half; Chalmers, right half; and Chalmers, right half.

The report that Stott might be switched from quarter to end has been denied. Chalmers, who is at present confined to his bed through sickness, cannot play. Chalmers will take his place at fullback, and Dale, who is by no means a slow player, will take Chalmers' position of right half.

The men in the last week have developed a good deal of speed, although to the extent of Berkeley, but what is most important, have steadily become more accurate in their handling of the ball.

## CHAMPIONSHIP IN BALANCE.

Occidental and U.S.C. to Fight It Out Today.

Football Interests Center in Spirited Contest to Be Puffed Off This Afternoon on Occidental Field. Teams Evenly Matched, and Hard Battle Looked for.

Whipping many plays into as short a space of time as possible the crack Methodist band finished signal practice late last night and are in readiness for the battle today.

Coach Holmes declares he is satisfied with the showing made by his team against Stanford on Saturday, though he was most anxious to have his men score. He says the Stanford team had a hard game, and the showing of his men was such at Palo Alto that Holmes is confident of running a large score against Occidental.

Enthusiasm is high at the University of Southern California and a large delegation will travel out to Occidental Field this afternoon. The struggle U.S.C. is in apic and span condition for what promises to be an interesting contest.

The only hard game the Methodists had this year has been against Stanford, the other teams, met earlier in the season, were mediocre eleven and no line could be obtained that would give real idea of the strength of U.S.C. The Stanford-U.S.C. game showed the Southerners could play ball, and the small score is an earnest that some hard line smashing will result in today's game.

The Methodist line-up this afternoon will be Chester Haigler, center; Critten, left guard; Bockman, left tackle; Elliot (captain), left end; Lane, right guard; Westover, right tackle; Chigo, right end; Best, quarterback; Ochoa, fullback; Haigler, White and Burke, halfbacks.

Ready for the fray, and apparently most fit for hard contest, is the Occidental bunch, who have worked overtime to prepare themselves for the game. Coach Merrill expects to win, and the team is prepared to do its very best in order to roll the big Methodist line in the dust.

The game, Merrill says, will mean much to his men, as on the contest depends entirely the question as to which team shall contest for intercollegiate championship honors.

There is an anxious look in the big man's eye as he says, "We will do our best on Saturday, and it will be our credit if we win the big fellow to act."

Those who know say Merrill has developed a strong eleven, stronger than any team that has gone on the gridiron for Occidental this season. The men have practiced faithfully and spirit and vim may do much to offset any advantage the Methodists may have.

The Methodists are perhaps the speediest of the two contests, and they have a slight advantage in weight. Occidental has many veterans in the line, and the team knows the game well. The game will begin promptly at 2:30 o'clock. The officials will be Traeger and Hall.

At Cumberland Park.  
NASHVILLE, Tenn., Nov. 10.—Seven furlongs; Nat B. won, Ferryman second, Savoir Faire third; time 1:29 1/2.

Six furlongs; Miss Cossette won, Pirate's Dance second, Galmeda third; time 1:32 1/2.

Seven furlongs; Mallory won, Labor second, Fallen Leaf third; time 1:35 1/2.

Five furlongs; Adresso won, Deux Temps second, Skeptical third; time 1:24 1/2.

Mile and quarter; Drexel won, Berry Waddell second, Rankin third; time 2:04 1/2.

## Correct Clothes for Men

James Smith & Co.  
137-139 South Spring Street

"The Very Best" CAR  
On the Market  
WHO SAID SO?  
The pleased purchaser of a BABY ROO, who subjected his car to very severe tests. Here is his letter in full.

DEAR MR. SHETTLER: I cannot resist temptation to write you, telling of the extreme satisfaction my little "Baby Roo" has given me. I have not been at all surprised at seeing more and more of them on the streets almost every day. In buying a motor car, especially of the low-priced class, I had visions of trouble and all kinds of trouble when miles out of town, but I have found all of your statements to be absolutely correct. In the "Baby Roo" I have found a car that is the very best on the market in the single-cylinder class. I have not had a particle of trouble with my car though I have worked streams, climbed mountains and have gone places that seemed almost impossible to reach. The whole machinery is so simple that anyone can understand it in a short time, and I am no reason why anyone else should not. I have one regret to say for a long time to come. To see how quickly the car wears out, and cannot be replaced. Of course I have found that a car needs proper attention, and cannot be run on "gas" alone. I have always given me, and feel sure that with your energy and skill you will soon have the "Baby Roo" in a class by itself in Los Angeles. Respectfully yours, FRED W. MAULE, 22 Lighthouse Building.

HAVE WE MADE GOOD?  
REO 16-30 h. p. Light Touring Car. Designed by R. E. Olds; 1600 pounds; seats 5 persons; extra large tonneau. \$1350  
BABY ROO 8 h. p. 1030 pounds; designed by R. E. Olds. \$650  
L.T. SHETTLER, Western Sales Manager, Reo Motor Car Co., Will Remove Dec 15 to 635 S Grand Ave. Los Angeles

### ALABAMA (Colo.) Nov. 10.—

Abraham Schiffer, one of the owners of the Bank of Alabama, which suspended business recently and who was arrested in New York, was arraigned here today. He waived preliminary examination and was held in bonds of \$75,000, being \$10,000 each on seven counts of receiving deposits knowing his bank to be insolvent. Schiffer expects Eastern friends to supply the bond and in the meantime will remain in the custody of the Sheriff.

### YELLOW FEVER IN HAVANA.

HAVANA, Nov. 10.—Two cases of yellow fever have recently developed in Havana. One of the persons stricken is an American tourist, A. Z. Outwater of Passaic, N. J., who is employed as a teller in a bank in Jersey City. The rooms he had occupied in the hotel here were fumigated and every precaution was taken against the spread of the infection. The other person who is ill is a member of an Italian opera company, who arrived from Italy by way of New York. His case is mild.

### Aqueduct Results.

NEW YORK, Nov. 10.—Six furlongs: Hermitage won, Water King second, Caprice third; time 1:14 1/2.

Mile and eighth: Pretension won, Boycroft second, Lord Badge third; time 1:48 1/2.

Handicap, mile: Santa Catalina won, St. Helene second, Cedarstone third; time 1:28 1/2.

Five furlongs: Masave won, Miss Ogden second, Lena J. third; time 1:09.

Mile: Scotch won, Florilla second, Linda third; time 1:40 1/2.

Six furlongs: Pioneer won, Maid of Timbuctoo second, Nathan Hale third; time 1:14 1/2.

### ARIZONA-POMONA. FANS INTERESTED.

The Arizona-Pomona football game of this afternoon at Fiesta Park is causing local football fans considerable worry picking a prospective winner.

Pomona's only public form is the game of a week ago against St. Vincent's, and it does not show very much. St. Helene second, Cedarstone third, time 1:28 1/2.

In fact, they have been called upon to do, and most experts agree in predicting a very close game indeed. There will be plenty of good football. U. S. C. plays Occidental at Occidental Field, giving those who desire a good chance to see both teams in action.

### FAIR AT ST. JOSEPH'S.

Two Weeks' Efforts in Behalf of New Parish School to Begin Monday Evening.

Extensive preparations are being made for the fair to be held for the benefit of St. Joseph's school from the 11th to the 25th inst. The parish is building a school to cost, with its furnishings, about \$70,000, and the income from the fair will be used in aid of this project.

The fair will be held in the basement of the new building, which is nearing completion, and which will be dedicated immediately after the return of Bishop Conaty from Europe.

For the opening, next Monday night, Mayor McAlister will give the address, and Rev. Raphael Fuhr, O.F.M., rector of St. Joseph's parish, will welcome the visitors. The fair will be open daily, afternoon and evening, and on Monday, from 5 to 8 o'clock a dinner will be served by the ladies of the parish.

The new hall is beautifully decorated, and many artistic booths are in course of construction. The evenings have been set apart as follows:

Monday, 12, opening programme and grand review; 14th, Christmas Mothers' Society and ladies' evening; 15th, young men's evening; 16th, children's evening; 17th, Irish evening; 18th, the American Order of Hibernians in attendance; 19th, German evening; 21st, St. Vincent's College evening; 22d, Latin evening; 23d, Knights of Columbus evening; 24th, Young Men's Societies evening; 25th, closing evening, with prizes to contestants.

There will be two contests, one for the most popular society, for which a beautiful banner will be awarded, and the other for the most popular young lady. The favorite is to receive a grand watch.

The two Saturday afternoons of the fair will be devoted to the children. A handsome fair souvenir booklet has been published, and a daily paper called "The Fair Tattler," will be published by the management.

### PICO HEIGHTS HITS COUNCIL.

TARDY SLAP FOR PERMITTING CREMATORY TO BUILD.

Resolutions of Censure Adopted After Visionary Realities and Others Had Stopped at Action of Lawmakers—Lively Scrape Over Naming of Woman on Committee.

Hot shot was fired into the Council by citizens of Pico Heights last night at a meeting held to protest against the erection of a crematory at Grover and Sixteenth streets. Two hundred and fifty persons attended the meeting, which was held at Odd Fellows Hall.

Theodore Summerland, Councilman for the Fourth Ward, was blamed for what was termed his inaction in the Council meeting when a petition against the building of the crematory was presented and turned down.

Socialists and labor unionists attempted to switch the meeting from its real purpose by airing their opinions. Realities and referendums clamored for the recall of Summerland, and launched fierce invective against the president of the Council.

The harmony of the meeting was seriously threatened when several citizens present took issue with those who were censuring Summerland. These declared that an unfair advantage was being taken in thus abusing a man who was not present to defend himself. Mrs. Harriet Taylor declared she could give proof that Summerland had done all in his power to prevent the erection of the crematory. S. P. Rhodes also defended the Councilman.

When the meeting was fairly boiling over with excitement, William Lang presented a motion that be quickly seconded, asking that a committee of three be appointed to draw up a resolution censuring the Council for its action in allowing a crematory to be built near the business center of Pico Heights.

A hot dispute arose when the committee was appointed by Chairman Lang. Will Lang, S. D. Darrow and Mrs. Harriet Taylor were named as members of the committee.

L. L. Rowley rose to object to the nomination of Mrs. Taylor because he said the lady was in sympathy with Councilman Summerland and would therefore pass a strong enough resolution.

Mrs. Taylor declared she would serve and was determined to hold the fort, as she had been nominated public as a member of the committee.

"With all due respect to Mrs. Taylor," said Rowley, "ought to have men on this important committee."

There was a roar from the audience as the excited speaker delivered himself of this remark and fearing he had insulted the lady, the speaker rose to say that he intended no "slam."

Mrs. Taylor rose to object to this, saying that she intended no "slam."

George P. McAlister was appointed in her stead, and the committee returned later with resolutions censuring the Council as a body for granting the crematory to the city.

Rev. J. M. Schaeff and several others spoke. Then Mr. Lang said he had no objection to the committee, but what does he do. Why he gives us a black eye when our petition is kept. He is just like the rest of them—only worse.

After the meeting many were outspoken in condemnation of the methods used by several present who, they declared, had "taken the meeting by the throat."

### TRIES TO BURN HOTEL.

Man Seen Hurrying Away from an Uncompleted Building Just Before Blaze is Noticed.

Who was the man seen emerging from a hotel being built near the Fleur-de-Lis apartment house on South Grand avenue a few moments before the place was discovered to be on fire last night?

This question the police are investigating. Patrolman Lenox was detailed to the scene in the hope of discovering some clue.

On the second floor of the house was found a quantity of kindling wood piled against the wall, and in this rubbish a fire was started. The flames were seen from the street and a small amount of chemicals extinguished the blaze before it had gained much headway. The damage is slight.

A Mrs. Scott residing near the house reported to Lenox that a few moments

### LONG SILK GLOVES

Black and white, made from heavy quality, with double tip fingers, 12 and 16-button lengths, on sale Saturday.

16-button at \$1.25

### TO Colonists

Napa, in Napa County, has large factories making gloves and over-shirts. Both factories want operators. Steady work all the year at good wages. Climatic, social and farming conditions equal to any. If you seek such opportunities write to the undersigned or to the Napa Chamber of Commerce, or better yet, come at once and get work. (Signed) THE CALIFORNIA GLOVE CO. THE CAMERON SHIRT CO.

CHAPEL DEDICATED.  
Faculty and Students of U.S.C. Celebrate With Appropriate Exercises.

U.S.C. dedicated its handsome chapel yesterday morning. Rev. Robert McIntyre delivered the dedicatory oration. Dr. E. A. Healy spoke in behalf of the board of trustees, and President Bostard told of the larger aims of the institution for the future. Music was furnished by Prof. John Douglas Walker, and Miss Beulah Wright gave a reading.

The formal programme at the chapel exercises at 10 o'clock was followed by a religious jubilation in the gymnasium during the noon hour. The senior class sang two songs specially written for the occasion, and the "Red-Hut" Websters, a pretty senior lassie, presented to the university the long-lost banner made by the class of '90. Miss Webster told the history of the banner, which has twice been stolen and recovered, and has for some time remained in the charge of the young lady who yesterday gave the flag to the school. It will be used this afternoon at the Occidental-U.S.C. football game.

After the banner episode the football team members were called to the front and cheered to the echo. College songs were sung and yells given. Prominent Methodists were present and a large crowd filled the chapel during the students' hilarious entertainment.

TO AID RUSSIAN JEWS.  
Mass Meeting of Los Angeles Members of Hebrew Faith Called for Monday Evening.

In response to a telegram received from Jacob H. Schiff, the eminent Jewish banker and philanthropist of New York City, addressed to Herman W. Hellman of this city, asking the Jewish community of Los Angeles to organize at once and send immediate relief to the unfortunate victims of the recent Russian atrocities, a mass meeting of the Jewish community has been called for Monday evening at 8 o'clock at the Hotel Helms. The meeting will be held in the hall of the Helms Hotel. Among those who are actively interested in the arrangements for the meeting are H. W. Hellman, Kaspare Cohn,

For the maximum for the day before yesterday, the minimum for yesterday, the mean for the average temperature for the two days.

## Yesterday's Report and Forecast.

U. S. WEATHER BUREAU, Los Angeles, Nov. 10.—(Reported by George E. Franklin, Los Angeles.) At 5 o'clock a.m. the barometer registered 30.08; at 6 p.m., 30.06. Thermometer for the corresponding hours showed 58 deg. and 50 deg. Relative humidity, 5 a.m., 58 per cent; 6 p.m., 61 per cent. Wind, 5 a.m., northeast, velocity 4 miles; 6 p.m., west, velocity 7 miles. Maximum temperature, 77 deg.; minimum, 44 deg. Barometer reduced to sea level.

**Weather Conditions.**—The storm which moved Sunday morning on the Southern California coast continued its eastward course and seems to be central Friday morning in the Gulf of Mexico south of Louisiana. A mass of low clouds over the Texas and Louisiana coasts, New Orleans reporting 2.4 inches and Pasadena 1.4 inches in the past twenty-four hours. The rain extends from New Mexico to the Atlantic coast and is clearly in the Pacific Coast and clear in Southern California, and local conditions are favorable for continued fair weather with moderate temperature. Light frost is reported from Independence.

**Forecast.**—Local forecast for Los Angeles and vicinity: Generally fair weather tonight and tomorrow. Light northeast, changing to fresh west, wind.

**San Francisco.** Nov. 10.—Weather conditions and general forecast: The pressure continues high over the western half of the country. South winds are reported from the south of the Columbia River northward, and conditions are becoming favorable for rain along the coast, but not as far as San Francisco. Rain is now falling on the Washington coast. This is the first rain on the northern coast since November 4. A maximum wind velocity of thirty miles an hour, from the southeast, is reported at North Head.

**San Francisco and vicinity.** Cloudy Saturday morning, with light northeast wind; fair during the day, with southeast wind, and possibly rain by night.

**Los Angeles and vicinity.** Fair Saturday; light north wind.

**Sacramento Valley.** Cloudy Saturday; light south wind.

**San Joaquin Valley.** Fair Saturday; light south wind.

**Coast.** Cloudy Saturday, with fair in the morning; light north wind, changing to south by night.

**Nevada.** Fair Saturday.

## Flow of Rivers.
